Consent and Declaration

This section **MUST** be completed and must **NOT** be altered in any way.
Please read the following important information carefully then sign the statements below.

Important information about Consent

On occasion, as part of the investigation into your fitness to drive, DVLA may require you to undergo a medical examination or some form of practical assessment. In these circumstances, those personnel involved will require your background medical details to undertake an appropriate and adequate assessment. Such personnel might include doctors, orthoptists at eye clinics or paramedical staff at a driving assessment centre. Only information relevant to the assessment of your fitness to drive will be released. In addition, where the circumstances of your case appear exceptional, the relevant medical information would need to be considered by one or more members of the Secretary of State's Honorary Medical Advisory Panels. The membership of these Panels conforms strictly to the principle of confidentiality.

Consent and Declaration

I authorise my Doctor(s) and Specialist(s) to release report/medical information about my condition, relevant to my fitness to drive, to the Secretary of State's medical adviser.

I authorise the Secretary of State to disclose such relevant medical information as may be necessary to the investigation of my fitness to drive, to doctors, paramedical staff and Panel members, and to inform my doctor(s) of the outcome of the case where appropriate.

I declare that I have checked the details I have given on the enclosed questionnaire and that, to the best of my knowledge and belief, they are correct.

"I understand that it is a criminal offence if I make a false declaration to obtain a driving licence and can lead to prosecution."
